- [x] Final advertisement proof showing brand and dealer attribution
- [x] Itemized invoice for the advertising expense
- [ ] Proof the invoice was paid

Brand rule notes

Carrier publishes brand and co-op guidelines, but this public landing page does not establish this dealer’s current eligibility, claim window, eligible expenses, or required documents.

The evidence checklist is a starting point. Exact brand requirements are unverified until the owner confirms the current dealer program terms.

Owner steps

1. Confirm the applicable current program terms, eligibility, deadline, and required evidence with the brand.
2. Obtain dealer authorization and complete/sign/file the claim yourself. Glacier does not submit it.
